

## WHAT MATTERS IS INSIDE

We keep your processes operating at optimum efficiency and reliability.

**CERTIFIED • QUALITY • AVAILABILITY**

### High quality instrument grade gas is critical to your process.

Our high purity gases allow you to detect limits, gauge more accurate readings and meet critical benchmarks for monitoring production processes and calibrating instrumentation.

Purity Plus Specialty Gases by Weldstar can also **extend the life of your instrumentation and equipment.**

Impurities can contaminate your instrument columns, reduce the sensitivity of your detectors and damage sensitive equipment.

**Protect these critical components and maximize your analytical accuracy** by using only Purity Specialty Gases by Weldstar.
